Enjoy The Ultimate Golf Experience

GOLFZON

Golf Digest "EDITORS' CHOICE"

2017 - 2021 BEST SIMULATOR

EXPERIENCE UNREAL

Golfzon has always been dedicated to bringing the enjoyment of golf indoors, away from the elements, while highlighting the challenges of the outdoor world in a virtual way. We are committed to being the world's leading brand in golf simulation.

Golfzon is the global leader in virtual golf technology.

The journey began twenty-two years ago in 2000 with the main goal of putting the "wow" factor into the virtual golfing experience. We have been researching, developing and implementing groundbreaking technologies that no other simulator can match.

Winner of Golf Digest Editors' Choice Award for best Luxury Simulator (2017 - 2021), we have over 205+ protected patents and a variety of products for all of your favorite virtual sports. Come play on the most awarded golf simulator in the world of golf.

**GOLFZON,
THE FUTURE
OF GOLF
IS NOW!**

DAVID LEADBETTER

The adjustable electronic floor plate matches the exact lie of the ball and makes the play feel very technically accurate. Having played on a lot of prestigious golf courses, the fantastic graphics combined with the simulator technology makes it feel like you are outside playing on the course.

MATTHEW WOLFF

“The job Golfzon has done to replicate outdoor practice in the convenience of my own house is awesome.”

GOLFZON
Ambassador

I can practice any time regardless of the outside conditions. I also practice on Tour golf courses virtually, which has been amazing.

SUNGJAE IM

“Golfzon helps me keep my golf sense even if I train at home.”

GOLFZON
Ambassador

I now can work on my game no matter the weather or outside conditions with real-time feedback from their impressive engineering system. Even though I'm playing golf inside, Golfzon allows me to play my game and swing my swing with precision any time of the day.

- ⑤ Dual Screen
- ⑥ Projector

Twovision Sensor

- The most advanced camera sensor at 90 degrees (one in-ceiling and one in kiosk) provides the most accurate ball flight parameters measuring club path at impact and ball characteristics.
- Diminishes any shadow interference from unwanted light sources.
- Compatible with all of our hitting surfaces: tri-surface hitting mat, five-surface hitting mat, moving swing plate, and dual moving swing plates.

Dual Plate

- Two independently moving hitting and stance platform that brings virtual course topography into reality.
- Simulates different slopes on the course where the ball lies with 14 different slope points for an unreal course experience.

LED Putting Guide

- LED visual putting guide is a small LED indicator showing the suggested direction of the putting stroke.
- Increases your putting efficiency with this visual aid at the end of the fairway mat.

Five-Surface Mat

- The mat consists of a fairway mat, two types of bunker mats, and two types of rough mats with different textures, enabling a more realistic play from heavy rough to a green-side bunker.

Dual Monitor

- Separate monitors allow you to change setting from the kiosk control monitor while keeping the main screen monitor at your current game without disruption.
